

RISK & VALUE DRIVER ASSESSMENT

Optimise Your Business for Growth, Resilience & Higher Market Value

Every business has a unique mix of strengths and vulnerabilities. The Risk & Value Driver Assessment offers a comprehensive, 360° view of your business — going beyond financials to identify the key factors impacting your performance, resilience, and market valuation.

Whether you're planning for growth, preparing for a sale or transition, or simply want greater control over your business's future, this assessment provides the clarity and insights you need to take purposeful action.

WHY BUSINESS OWNERS CHOOSE THIS ASSESSMENT

Spot Risks Early

Identify operational, financial, and market risks before they become costly.

Boost What Adds Value

Understand and enhance the drivers that contribute most to profitability and business value.

Make Data-Driven Decisions

Use structured insights and industry benchmarking to guide confident, strategic choices.

Walk Away with a Clear Plan

Receive a tailored, easy-to-action report highlighting your business's strengths, gaps and opportunities.

INSIGHTS TO DRIVE EFFECTIVE DECISIONS

- Comprehensive Business Risk Profile
- Critical Risk & Value Drivers across 10 key categories
- Financial and Non-Financial Performance
- Scorecard Benchmarking against Best-In-Class

IS THIS ASSESSMENT RIGHT FOR YOU?

It is ideal for business owners who are:

- Improving profitability and performance
- Preparing for growth, sale, or succession
- Seeking to increase business valuation
- Wanting more clarity on what's working — and what's not
